

PAY TRIBUTE TO MARINES KILLED AT VERA CRUZ

THE HEROIC DEAD

Never shall your glory be forgot
While fame her record keeps,
Or honor point the hallowed spot
Where valor proudly sleeps.

—Theodore O'Hara.

(Special to The Eagle.)

New York, May 11.—Nation and city united today in a show of reverence and honor to American marines and sailors who were killed at Vera Cruz.

While church bells tolled and flags at half mast, President Wilson, Governor Glynn and Mayor Mitchell led the patriotic demonstration. Sixteen flag draped coffins were brought ashore and placed on gun carriages. Battery Park was black with people.

The cortege was formed at eight-thirty as follows: Mounted policemen, combined bands from battle-ships Wyoming and Texas, battalions of blue jackets, military band, battalion of naval military, caissons with bodies, flanked by National Guardsmen, carriages containing national state and city officials, mounted policemen.

Enormous crowds lined Broadway to the city hall, where Mayor Mitchell placed a wreath on the coffins and delivered an oration. Eight hundred children sang "Near or My God to Thee." From the city hall the cortege went to the Brooklyn navy yard where President Wilson delivered an oration. Simplicity marked the ceremonies throughout.

President Wilson made a small change in plans by viewing the cortege from a stand at the city hall. After the ceremonies at the navy yard this afternoon the bodies will be shipped to their homes.

Wilson expressed deepest grief over death of the men, but at the same time said he felt a profound pride in the way they had died and "a sort of envy for those permitted to do their duty so quietly and so well. Fifty thousand heard the President's tribute to the dead soldiers.

(Special to The Eagle.)

New York, May 11.—Following is a complete list of the sailors and Marines killed at Vera Cruz whose bodies were brought to this port today by the funeral ship Montana.

Louis Frank Boswell, of Louisville, Ill., chief gunner's mate attached to the Michigan; born at St. Louis, Mo. Age 33 years.

CO-OPERATION IS ASSURED

Declaring that for the first time in his life he had found an organization in which the farmers, bankers, merchants and railroads were in hearty co-operation with the object in view of diversifying crops, Dr. C. C. Dalton, county president of the Farmers' Co-operative Association made a timely talk at the court house Saturday. The speaker explained that he had seen many similar organizations fail because of lack of co-operation.

The speaker complimented the liberality of the government in making appropriations for the extension of agriculture, and he spoke flatteringly of the work of E. W. Jenkins, farm demonstrator at Blocomb, and Mr. Winslow, the tobacco expert of the Central of Georgia Railway, who is superintending several test farms of tobacco in this section. It is believed that tobacco growing will in time become a uniform industry in this section, as the soil is said by experts to be suitable for tobacco crops.

Mr. Dalton called attention to the samples of rape, hairy vetch, alfalfa, clovers and bright leaf tobacco which he displayed and which were raised on his own farm. He stressed the importance of planting legumes, explaining that a legume is a plant which draws nitrogen from the air and places it in the soil; that commercial nitrogen costs 18 cents a pound, while the farmer, by the planting of legumes, can produce it in his soil for one cent a pound.

Dr. Dalton explains that practically the only new crop other than cotton for the people to undertake now is that of sweet potatoes.

Following Dr. Dalton, J. R. Crawford, of the rural affairs committee of the Chamber of Commerce, gave a pointed talk, outlining

May Get Test Farm And Soil Survey

Indications are that Houghton county will be successful in securing a soil survey and a test farm, according to a letter received this morning by Secretary N. T. Cobb, of the Chamber of Commerce from Congressman Henry D. Clayton.

"I shall take the proper steps to start the movement," wrote Congressman Clayton in concluding his letter.

ing the profit to be derived from co-operation, and altogether his remarks were very interesting and were well received.

Farm Demonstrator E. W. Jenkins of Blocomb, made a talk which explained his experience with alfalfa and clover. He recommended the burr clover for his section as it required no inoculation, and upon request furnished the names of seed houses from whom clover seed may be purchased.

The culture of sweet potatoes was touched upon by Mr. Jenkins and also by Houghton County Farm Demonstrator Thompson, both explaining that the soil necessary for the production of this crop is a sandy loamy soil, although humus on clay soil is better than clay without the humus; that the ground should be well broken but not too deep as breaking too deep makes the potatoes too long for market.

In regard to fertilizer, formula 8-4-8 was recommended for potatoes. It was stated that Dugger's formula was 5 1 2 3-10, and that Mr. Bennett, the Central of Georgia agricultural agent, recommended the formula 8-3-10. It was explained that for the Northern market the big stem Jersey was preferable, while for the Southern market, a ram which runs largely to sugar and is juicy is better.

During the course of the talks of Messrs. Jenkins and Thompson, the farmers showed their interest by asking questions.

Afternoon Session.

In the afternoon Tobacco Cultivist Winslow, of the Central of Georgia, gave a talk on the cultivation of the weed and, as were the speakers before him, was often interrupted by questions which showed the interest of the farmers in this crop. Mr. Winslow was here today looking after the tobacco planting of John J. Whidden, just

CAPITOL OF MEXICO CITY OF DREAD

(Special to The Eagle.)

Vera Cruz, May 11.—Huerta's capitol is now a city of dread.

Zapata has captured Cuernavaca, forty miles from the capitol and Tampico is expected to fall in a few hours if not already fallen. Villa is ready to attack Saultillo, Mazatlan, chief port on the east coast, is reported captured several times and cannot hold out against the rebels long.

Huerta is awaiting the end, and three thousand foreigners in Mexico City are keeping vigil with him, wondering what is in store for them when the crash comes.

Huerta's delegates to Niagara Falls peace conference sailed for Havana today, accompanied by William F. Buckley, an American lawyer. The delegates are Emilio Rabago, Augustine Rodriguez and Luis Elguero.

LABOR LEADERS ACQUITTED.

(Special to The Eagle.)

Washington, May 11.—Gompers, Morrison, and Mitchell, members of the labor leaders were acquitted by the Supreme Court of the United States on an appeal from Justice Wright's court where they were sentenced for contempt in the Hicks stove range case.

John C. Howell, city mail carrier was married Sunday afternoon at 2:30 o'clock to Miss Nina Granger, the wedding taking place at the home of the bride's uncle, A. L. Granger.

Postmaster George Cotton and a number of clerks and carriers at the postoffice motored to Granger for the wedding, greatly surprising Mr. Howell, who did not know that the boys had planned such a trip. The bride and groom received the congratulations of their many friends.

Officers Busy Saturday Serving Warrants

Sheriff B. O. Hay and his deputies were busy Saturday serving warrants issued under indictments by the recent grand jury, the following defendants being placed under bond or put in jail:

John Reeves, two indictments, running gambling table and violating prohibition laws. Made bonds in the sums of \$500 and \$200.

Bob May, two indictments, running gambling table and violating prohibition laws, made bonds in the sums of \$500 and \$200.

A. A. EVANS CANDIDATE FOR CONGRESS

This is to announce to the people of the Third Congressional District of Alabama that I am a candidate to succeed the Hon. Henry D. Clayton in the Congress of the United States. I most earnestly and respectfully ask your support.

To be elected to represent the people of this district, which has been so ably represented since the Civil War by such men as the Hon. Jere N. Williams of Barbour, the Hon. Wm. J. Hamford, of Lee, the Hon. Wm. C. Gates, of Henry, the Hon. Geo. P. Harrison of Lee and the Hon. Henry D. Clayton of Barbour, I should esteem one of the highest honors my fellow countrymen could bestow upon me.

Having served as Circuit Judge in the counties of Lee, Russell, Bullock, Barbour, Dale and Henry, which comprise about two thirds of the district, most of you will know at once whether or not I possess the character and qualifications which you desire in your representative.

Very respectfully,
adv. A. A. EVANS.

QUIET ELECTION TODAY.

Indications are that the vote polled over the state today will be about thirty percent less than that of the last primary. In Dothan the election is passing off quietly, and it looks like the vote in the country precincts will be light. Followers of Comer and Henderson are claiming victories, but there is no way to tell at this time who the winner for governor will be.

A.B.C. MEDIATORS WILL CONFER AT NIAGARA FALLS

(Special to The Eagle.)

Washington, May 11.—A. B. C. mediators met to prepare for conference at Niagara Falls May the eighteenth. But it is stated that developments in the next few days may delay opening of negotiations. Huerta again protests that the United States broke armistice. The protest is based on seizure of Lobo light house at Tampico by Rodgers to prevent its destruction by the federal.

The war department is sending out a circular letter asking all former enlisted men to report their availability for service in emergency.

BRYAN APPOINTS

FRANK REPRESENTATIVE

(Special to The Eagle.)

Washington, May 11.—Secretary Bryan announced he has appointed Frederick Lehman of St. Louis, and Associate Justice Lamar of the United States Supreme Court to represent the United States at Niagara Falls peace conference.

Editor Eagle:

Please allow me space in your paper to correct an error which I understand was published while I was out of the city last week, possibly being clipped from some other state paper. I have not seen the article in question, but was informed on my return that somebody had made a statement to the effect that I said you could take \$50.00 and buy my boat in Houghton county. I do not presume that the people who knew me would pay any attention to a thing of this sort for no man has a higher regard for the electorate of Alabama and especially of Houghton county than I have, and such a statement as this was not made by me and I never thought of any such thing.

I know nothing of the man whose name was signed to the statement further than I learned he called himself Draton. This, like a great many other things that have been said, was doubtless manufactured for campaign purposes and I would not pay any attention to it but for the fact that were I to pass it by unnoticed some political enemies of mine might think perhaps it was true.

I will not go into details of the conversation that I had with a personal friend of mine, who lives here in the city, out of which conversation I presume this man twisted and warped it to where he was willing to make the statement that I said what he published in the paper. I appreciate my friends in Houghton county as much as any one does and the very flattering vote I received in the first primary for the Executive Commission attested the fact that I am at least to some degree appreciated by voters, and I simply make this statement that they may know that I am still their friend and does not adversely affect anything.

Very respectfully,
E. M. MULL.

No, we suppose there is no law to punish illegal voters. If there was such a law, it would be made operative some time.

How many times will the state papers use the term "bottle of bullets" in telling of the Monday's primary?

Well, there's one thing about today's primary: it matters not which one of the candidates for governor is winner, the state isn't going to the howl-woes. No one man or class executive can entirely ruin the state. We all know that will not happen, for both men are able men.

How many people in the third congressional district believed when they voted for Henry Clayton that it was just a vote to help him along in his place, till the judgeship vacancy occurred? The results of that primary election would have been far different, had the people known what sort of politics was being played.

The Asheville News says a Houston county candidate gave a \$50 check to a Henry county citizen, which wasn't presented till after the April primary, and which was turned down when received by the bank. The News doesn't say who gave the check, but talks like it knows all about it, and that transaction may come out later. Well, route it out, and tell us who gave the check, or probably let the man to whom it was payable, say who gave it to him.

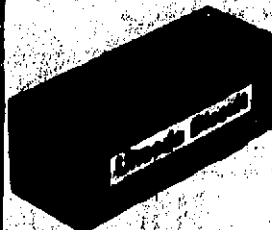

A WARNING AGAINST THE USE OF FOREIGN ALFALFA SEED.

The alfalfa seed in this county, Franklin County, Tenn., just out is very small as compared with that it was this time a year ago. There is a good deal of difference in opinion as to the cause of this. I hear a good deal about the different kinds of alfalfa. Some people think we have some of the best alfalfa (if there is such a thing). I wish you would write me, giving your opinion on this matter, and especially as to the different kinds of alfalfa.

There are a great many readers of your paper in this county that would like to see something come out in the Progressive Farmer on this, as many are uneasy about their alfalfa.

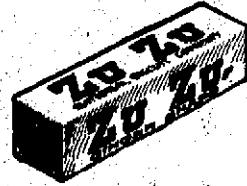

The above letter is evidence that something is wrong. Many a man is going to awaken to the fact that he will be moved European or foreign alfalfa seed. It may have been perfectly natural mistake for the seedman to make. This European seed was not looking and the alfalfa was much lower than the American seed.

When the season we purchased a quantity of European alfalfa seed from a German and Kansas seedman, and during the process of sowing it was found that

SAILING A MALICIOUS LIE.

Clarence L. McArthur, Jr., Circuit Court reporter, in a letter this week to Circuit Court Clerk Draughon unburdens his vexed honor by getting the following out of his system:

"Wish you would tell Homer Morris and Adolph Black that if they hear some of my enemies down there say they heard that I said I went fishing the other day down at Dothan and caught 128 bread and shell crackers in 1 hour and 23 minutes with horseflies—that I caught off the radiator of my Ford car, tell them to promptly contradict it; that it is a willful lie, told to destroy my reputation for chastity and virtue, and done to injure me politically. I never said it at all. It took 2 hours and 43 minutes to do it, but some folks will lie about things and can't get it straight to save their lives. Hope to get off with the Cow Ford bunch if possible."—General Resper.

The President's Inconstancy.

Congressman Henry D. Clayton has been appointed United States District Judge for the Middle District of Alabama to succeed the late Judge Thomas G. Jones. Mr. Clayton is a good man, and we congratulate him upon securing a life-time position with a good salary attached; but the curious part about the matter is, in the light of the letter President Wilson wrote him when he was in the race for the Senator against Captain Holman, how in Congress to get along without Mr. Clayton? The president was very solicitous about Mr. Clayton's leaving the House, because, as he said, he needed him very sorely to carry out his trust legislation program. President Wilson has not been at all consistent in this matter, and has been used by certain politicians in Alabama to further their own ends. We did not think he could be fooled so easily. And it looks like he wants to be fooled.—Greensboro Watchman.

SHRINERS ARE GATHERING FOR ANNUAL CONCLAVE

(Special to The Eagle)

Atlanta, Ga., May 11—More than thirty thousand Shrines of the Mystic Shrine are here today for the annual convocation. Most of them have brought their wives and families and the city is crowded. There are prominent men from every state in the Union.

The city has been transformed for the convention. By permission of the mayor and city council the local entertainment committee, headed by Potentate Forrest Adair of Yarrab-Tempie, has taken full control for the time of the whole street-lighting system of Atlanta. White globes with the Shriner's emblem have been substituted for the top globes of the electric light clusters throughout the heart of the city; and there are electric arches and other decorative effects.

The elaborate social functions include a grand ball in the Auditorium-Armory on both evenings of the convention. There is to be a luncheon at which tables will be spread beneath the trees for the accommodation of from 3,000 to 5,000 persons.

The Piedmont and Ansley hotels have both been set aside in their entirety for the convention and California, which has arrived in four beautifully appointed trains, a thousand strong, has engaged floors of the Kimball House and changed the name for the week to "Hotel California." The Californians are touring the country in the hope of attracting the convocation of 1916, in which case it will be a feature of the Panama-Pacific Exposition.

There will be two parades, one Tuesday morning at a o'clock forming an official escort for the Imperial potentate and members of the Imperial council from the hotel to the place of meetings.

The second parade is to be at 8 o'clock Wednesday evening. In this parade not only members of the patrols and bands, but all the shriners as well will take part, wearing full evening dress with red fezzes. The Tuesday parade will be three or four miles long. The Wednesday night parade will be seven or eight miles long. There will be between sixty and seventy-five bands playing at one time in these pageants.

SERVICES AT PRESBYTERIAN CHURCH YESTERDAY

At the morning service yesterday the pastor was assisted by one of the elders, Mr. L. E. Morgan, and announcement was made that one of the elders of the church would act in like capacity each Sabbath. At the evening service the second of the series of sermons to young men was delivered, after which Mrs. Talbot sang sweetly "Tell Mother I'll be There."

Announcement was made that the pastor would go to Headland to preach the Baccalaureate sermon on next Sabbath morning, and the morning service here would be con-

Some new people had just moved into an extensive neighborhood in a fashionable street in a Southern city which shall be nameless, says the New York Evening Post. Miss G., whose family had long inhabited that neighborhood, had called upon the newcomers, and the young lady of the immigrant household appeared one day to return the call. Aunt Mandy met her at the door, received her card, and ushered her haughtily into the parlor. Then she called into her mistress's room.

"What did gal doin' comin' to see you, Miss Mandy?" demanded the old woman with unconcealed asperity.

"Why, Mandy," replied the mistress, "what's she matterd with her? She's a nice looking girl, isn't she?"

"Nice lookin'?" snorted Mandy. "I reckon she am nice lookin' all dressed up to go to kill in them fine clothes of hers. But jeez as soon as she open her mouth she done locate herself."

FOR STOMACH TROUBLE

John W. Skillen of Sidney, Ohio, Has Found a Remedy.

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions usually go together.

John W. Skillen of Sidney, Ohio, says: "I had a bad stomach trouble for years, and became so weak that I could hardly walk or do any work. My appetite was poor, and it seemed impossible to get any relief. Since taking Vinol I find a remarkable improvement in my health, my digestion is much stronger, and I have gained in weight. I would not be without Vinol."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. N. H. McCallum, Druggist, Dotan, Ala.

STOPPING "SQUEAK" IN SHOES

A remedy for squeaky shoes is given in the following communication which was sent to a contemporary: "Squeaky shoes are an abomination, but they may be easily cured. The remedy I apply was given me years ago by an old German cobbler and it has never failed. Everybody ought to know and use it. Take a fairly rough new brick, the newer the better and rub the sole vigorously from the toes downward, never upward, being careful not to abrade the polished edges. With some sharp instrument, a knife will do, make some transverse and crosswise cuts, not too deep, on the sole. Put water into an old wash boiler to a depth of a little less than the thickness

of the sole and stand overnight. In the morning rub the sole energetically twenty minutes with a woollen rag dipped in a mixture made of one part sweet oil, one part ammonia and one part gasoline. Then take the shoes down collar and throw them into the furnace. —Hilde & Leather, April 11, 1914.

GIRLS IN BAD HEALTH

Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been prominently successful in controlling the diseases of women. Why don't you try it?

PINNING GETTING IN YOUR HONEY

Many people love to fish, and would spend a few days catching fish if they knew where to go. Idlewood (on the Head Lakes) is one of the best fishing points in Florida. Many people of Dotan have been there. Ask them—

How is the fishing?
How are the accommodations?
What kind of boats do they furnish their guests to fish in?
How could you reach the place?

The rates at the Idlewood Hotel and Cottages is \$10 a week, which includes fishing tackle, boat, etc., for fishing. You can leave here over the Bay Line at 9:15 and get to Idlewood at 2:30 via Marianna, same evening. Or, you can drive through in automobile in about six hours, as the roads are good all the way.

No where can you get a week's good fishing for such a small outlay of money.

For further information, write, O. P. GILBERT, Idlewood, Fla.

REAL ESTATE

FOR SALE—Some of your friends in that city that always safe and profitable. Allow us to draw your attention to a few offerings:
42 acres 3 miles west of Dotan on graded road, but in cultivation and other half in long leaf pine timber. No water, land value over \$17.50 an acre, terms 10 down. This tract joins the 70 acre tract owned by Mr. J. H. New. Total 112 acres. Character of land 30 acres in cultivation, 80 acres in long leaf pine timber. One half in cultivation, 1/2 in long leaf pine timber. Price \$1000.00. One hundred dollars cash, \$900.00 balance in two and three years. It will pay you to look into this proposition.

A beautiful 20 acre tract of land half mile from city limits on graded Brannon Road, also 20 acres of very high level land, half mile further out. 7 acres of long leaf pine timber and balance in cultivation, not a particle of waste land on the forty. Price right on these two propositions.

A beautiful 20 acre farm on graded Campbell road 3 miles from Dotan. 15 acres in cultivation and all the farm fenced. At least 75 acres can be put in cultivation. Good four room house, one tenant house and two barns, all in good shape. Price \$1000.00 on cash, cash half cash. Can add forty acres of fine land to this place at same price if desired.

175 acre farm one and a half miles this side of Grimes, one four room house and two tenant houses, good four room farm in cultivation. Very cheap place at 10.00 an acre. One third cash will buy this place and terms given on application.

A beautiful 10 acre farm in the south end of a number of other tracts, both in farm and city price.

Other propositions equally as attractive, both in farm and city price.

PAULINE SOCIETY

4-EPIISODE-
AT THE PALACE
TOMORROW

ONE MORNING
One morning, oh! so early, my be-
loved, my beloved,
As the birds were singing blithely,
As if ever they would cease;
I was a thrush sang in my garden,
"Hear the story, hear the
story!"
And the lark sang, "Give us
glory!"
And the dove said, "Give us
peace!"

Then I harkened, oh! so early my
beloved, my beloved,
To that murmur from the wood,
Land of the dove, my dear,
The dove:
While the nightingale came after,
"Give us fame to sweeten
duty!"
When the wren sang, "Give
us beauty!"
She made answer, "Give us
love!"

Breathe in spring and sweet the morn-
ing, my beloved, my beloved,
Now for us both spring, both morn-
ing wait upon the year's
increase,
And my prayer goes up, "Oh, give
us, crowned in youth with
marriage glory,
Give for all our life's dear
glory,
Give us love, and give us
peace!"
—Jean Ingelow.

your money

A man's wife is the best partner he has got—if he only gives her
a chance. Give your wife a bank account and a share of your com-
pensation and she will save your money. That is no sentimental theory.
It is common sense. HIS WIFE had a share in mak-
ing the bank. He is so busy, knowing how to handle it.
Give your wife a bank account; she can save your money.

en in the home life of the cabinet
couple.

The bridegroom, Secretary Mc-
Adoo, in addition to the splendid
string of diamonds which his bride
wore at the wedding, also is
reported to have given her the opal
brooch, surrounded by a ring of
large diamonds, which she has worn
frequently of late, and a wrist
bracelet in which a tiny watch is
bordered with diamonds. The en-
gagement ring is said to have a
large diamond solitaire and another
ring from Mr. McAdoo was an opal
surrounded by diamonds. The opal
is a birthstone for both the bride
and the bridegroom, as their birth-
day anniversaries occur in Octo-
ber.

The gift of President and Mrs.
Wilson has not been made known,
but it is understood to be some-
thing similar to the gift they made
the first bride of the family, a set
of furniture for the bride to use in
her new home.

The cabinet members and their
wives united in a gift to Miss Wil-
son and Mr. McAdoo, following a
historical precedent established at
the Cleveland-Polyma wedding.
Their present was a set of silver
dinner plates and a silver platter.
It was sent to the bride-to-be ear-
ly in the week and has been a
source of admiration for its mas-
sive elegance.

The Vice President and Mrs.
Marshall were not in the city at the
Marshall wedding but Mrs. Mar-
shall spent part of her last sum-
mer's leisure in making hand dainty
things to give the bride. Her present
to Miss Eleanor is also of a person-
al character and was sent over to
the White House early in the
week.

Several of the cabinet women
have also sent the bride pieces of
their handwork in linen, lace and
embroidery for personal and house-
hold use.

The Postmaster General and Mrs.
Hurleston are also represented in
the collection of presents of opal
lavalliers. The center stone has
small pearls around it and the or-
nament is on a fine gold chain stud-
ded with tiny pearls.

The senate's present was a gold
bracelet studded with diamonds and
it has the added importance of hav-
ing been chosen from among other
pieces of jewelry suggested by Miss
Wilson. A committee in charge of
the gift consisted of Senators Mar-
tine of New Jersey, chairman, and
Baileburg of Delaware; Townsend
of Michigan, and Overman of North
Carolina. The wives of the sena-
tors made the selection.

The gift from the house of rep-
resentatives was selected by a small
committee headed by Representa-
tive James R. Mann. It consists of
a silver tea service, a large tray
with kettle and stand, teapot, cof-
fee pot, sugar bowl, cream pitcher,
waste bowl and a pair of silver can-
delabra.

There were many other presents
of a personal nature from the large
circle of relatives and friends.

NOT PAINT.
With linseed oil at 50c to \$1,
what sort of oil do you think they

That stuff is counterfeit paint.

cheat time or weather.
Paint is a rubbery coat over
wood and iron to keep out water.
Counterfeit paint may look like
it; counterfeit money looks like
money.
What are all counterfeits for?
They are all alike.

PREBYTERIAN MANSE
OPEN TO YOUNG PEOPLE

Rev. C. H. Talbot made the in-
teresting announcement at the
close of the services last night,
that the manse would be thrown
open to the young people of the
congregation and city, every Mon-
day evening. They will all be cor-
dially welcome to drop in and spend
a social hour—either on the porch,
or inside where they can have mu-
sic, or books and magazines. There
will be no formality, and all will be
welcome to come and make it just
like home.

CORRESPONDENT ARRESTED.
(Special to The Eagle.)
New York, May 11.—News of the
arrest of Edward Dexter, corres-
pondent of the International News
Service at Mexico City, was receiv-
ed today in a dispatch from British
Minister Carden at the Mexican
capital. Carden says Dexter was
arrested Thursday and was suppos-
ed to have been released Friday,
but at present his whereabouts are
unknown. The International News
Service has not heard from him
since Wednesday.

MOVES TO PENNSYLVANIA.
Mr. and Mrs. E. R. Malone and
family have gone to Pennsylvania,
Pa., where Mr. Malone will be as-
sociated with one of the banks as
manager.

For many years Mr. Malone has
been a prominent citizen of Dothan,
being connected with various busi-
ness enterprises which have been
successful. He and his family were
popular in the business and social
life of the city.

OPEN HOUSE.
A number of young men and wo-
men in Dothan, while not unhoused
are to some extent without a home.
To all such and to any of the young
people of the community, we desire
to open the Presbyterian manse,
every Monday night, beginning to-
night. This is simply an offer to
share with others the privileges of
home. Come in. Rest on the cool
porch, or find in the study and par-
lor books, magazines and games.
There will be no obligation what-
ever, as to a host or hostess, but
you can feel at home, free to come
and go as you please.

It is hoped a large number will
accept this offer which is most
cordially extended.

FINANCIALLY SPEAKING

is a perplexing matter. Government supervision is such nowadays
that all banks are safe depositories—BUT
SOME BANKS EXCEL OTHERS
in that they have a firmer grip on the pulse of the business world
enabling them to better advise local business men, and what is even
more important, give to those who merit it, strong financial support.
The long establishment and sound success of this bank classes it
among "the banks that excel."
